

# Application form - Pact for Skills

Fields marked with \* are mandatory.

## Introduction

---

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication "[A strong Social Europe for Just Transitions](#)".

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of "enablers" that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Creative FLIP – Finance, Learning/Skills, Innovation and Intellectual Property Rights for CCSI is a Preparatory Action, co-funded by the EU (DG EAC) and project partners. Its goal is to build a stronger resilience of the cultural and creative sector, by further strengthening their overall ecosystem.

In its Pilot project phase (Creative FLIP, 2019-2021), Creative FLIP has worked on the topic of skills needs and gaps in the CCSI and has issued reports related to this topic. In its new phase, the project will build upon this work, and is foreseen to tackle the topics of CCSI skills and occupations, providing policy recommendations for better representation of the CCSI occupations in ESCO, its use for the labour market, etc.

What is more, the project will continue to organize activities supporting the capacities of its actors in the areas of Finance, Learning/Skills, Innovation and Intellectual Property Rights for the CCSI, also through peer learning and capacity building tools.
