

# Application form - Pact for Skills

Fields marked with \* are mandatory.

## Introduction

---

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Aalto University is a community of bold thinkers where science and art meet technology and business. Our extensive and versatile lifewide learning portfolio helps people complement, hone, improve, update and expand their expertise in a flexible manner. Aalto offers wide range of lifewide learning possibilities in fields of arts, engineering, business and sciences.

We, at Aalto University, think that the changing nature of work requires novel expertise from professionals. Old methods and completed degrees alone are no longer enough. Instead, everyone of working age can benefit from continually updating, complementing and expanding their skills. It is not as much a question of fostering individual skills but of learning to learn and adapting to change.

For us, education does not only mean education leading to a degree but also the teaching portfolio we offer to anyone interested in learning. All our education is based on cutting-edge research.
