

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

1000 character(s) maximum

fit4internet is organised as a non-profit association and works in close cooperation with companies, institutions and organisations. It functions as a platform that has committed itself to raising digital competences in Austria. fit4internet supports Austrians in keeping pace with the rapid digital change and using their skills and knowledge for personal and professional growth by actively using qualification offers. The organizations objectives and tasks are: (1) Rapid and standardised development of competences and dissemination of knowledge in order to cope with digital demands in the Austrian economy and society based on DigComp (2) Coordination of as many IT-relevant organisations and companies as possible to ensure its implementation and broad usage (3) Promotion of qualification offers (4) Bundling of activities to increase digital skills (5) Development of the Austrian certification system for digital skills aligned to DigComp and connected to the EDCI.

Signing up to the Charter

Please confirm your organisation/partnership subscribes to the [Charter of the Pact for Skills](#), understand and share the principles of quality upskilling and reskilling. Signature of the Charter does not constitute an endorsement of the signatory organisation and its activities by the European Commission.
