Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the European Pillar of Social Rights and supports the goals of the Green Deal and the digital transformation, as set out in the Commission communication "A strong Social Europe for Just Transitions".

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.
The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of "enablers" that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

> Eurochambres was founded in 1958 in direct response to the establishment of the European Economic Community. Our organisation serves as the Chambers' and business community's eyes, ears, and voice.
>
> Eurochambres represents over 20 million European businesses through 45 members (43 national chambers of commerce and industry and two transnational chamber organizations) and a European network of 1700 regional and local chambers. More than 93 percent of these companies are small and medium-sized (SMEs). Over 120 million people are employed by Chamber of Commerce members.
>
> According to our data, 80 percent of Chambers of Commerce and Industry are involved in education and training, with 48 percent providing initial or ongoing vocational education and training. Almost 1.8 million people receive training qualifications through the Chamber network each year. Furthermore, Chambers directly manage approximately 600,000 apprenticeships each year.
