

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Information on the organisation/partnership

* You apply:

- on your own (as one organisation)
- in partnership

*** Organisation/partnership name:**

Wind Power Energu srl

*** Give a short description of your organisation/partnership**

1000 character(s) maximum

RESS is a certified BZEE and GWO partner in Romania, to offer skills development trainings for technicians working in the Renewable Industry for Wind and PV.

The BZEE Global Training Partnership delivers wind energy skills at 35 locations worldwide and boasts a track record of over 5000 highly qualified wind energy technicians. Currently approx. 2000 skilled company staff per year undergo GWO trainings focused on the specific environment of wind turbines.

Starting October 2016, RESS will start to deliver some additional courses for blade inspection and repairs, electrical equipment and other courses required by the industry or the local authorities.

Signing up to the Charter

Please confirm your organisation/partnership subscribes to the [Charter of the Pact for Skills](#), understand and share the principles of quality upskilling and reskilling. Signature of the Charter does not constitute an endorsement of the signatory organisation and its activities by the European Commission.

Commitment
