

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

As a part of the Department of Management at the UAntwerp, we provide a range of support including education, research and advisory services to the cultural and creative sector across a broad variety of contemporary and historical themes. Recent research topics include: cultural entrepreneurship and sustainable business models, cultural governance, opportunities for public-private partnerships in the heritage sector, public participation research in cultural centres, public libraries and museums, impact of digitisation on museums, international cultural policy,... For research in the areas of fashion and more widely for the creative industries we work closely in collaboration with the Antwerp Management School.

In addition to the research, we have been organizing a Master's program in Cultural Management for more than 20 years and a summerschool in Fashion Management. As part of this Masters program, students are required to analyze a relevant management problem during an internship.
