

Table 1. List of indicators for the evaluation of actions by area

INDICATOR	Base value and the year to which it refers	2025		2030		Information source	Entity responsible for providing information
		target value of the indicator in 2025	deadline for the provision of the indicator value for 2025	target value of the indicator in 2030	deadline for the provision of the indicator value for 2030		
a. Actions targeting children who are homeless or experience severe housing deprivation							
<i>The number of children experiencing homelessness</i>	992 – 2019	5% - 10% less than the base value	30 April 2025	10% - 15% less than the base value	30 April 2029	Nationwide survey on the number of homeless people	Ministry of Family and Social Policy
b. Actions targeting children with disabilities							
<i>The percentage of children covered by early development support in the total number of children from birth to school age</i>	1.6% – 2018	2.5%	30 September 2024 – data for school year 2024/2025	6%	30 September 2029 – data for school year 2029/2030	The indicator adopted in the Strategy for People with Disabilities for 2021-2030	Ministry of Education and Science
<i>The percentage of children and students with disabilities (holding a certificate confirming that they need special education due to their disability), attending generally accessible pre-school education institutions and schools in the total number of children and students with disabilities covered by pre-school and school education</i>	65% – 2018	75%	30 September 2024 – data for school year 2024/2025	85%	30 September 2029 – data for school year 2029/2030	The indicator adopted in the Strategy for People with Disabilities for 2021-2030	Ministry of Education and Science, Statistics Poland
<i>The number of parents with disabilities taking advantage of services supporting the performance of parental functions by them (e.g. family assistant, personal assistant to a person with a disability)</i>	0 – 2018	6.9 thousand	15 March 2025	17.5 thousand	15 March 2029	The indicator adopted in the Strategy for People with Disabilities for 2021-2030	Ministry of Family and Social Policy
<i>People with disabilities and children with a certificate of disability covered by respite care</i>	0 – 2018	8 thousand	15 March 2025	10 thousand	15 March 2029	The indicator adopted in the Strategy for People with Disabilities for 2021-2030	Ministry of Family and Social Policy
c. Actions targeting children with mental health issues							
<i>The percentage of children (the population of children from birth to school age) covered by early childhood development support</i>	1.6% – 2018	2.5%	30 September 2024 – data for school year 2024/2025	6%	30 September 2029 – data for school year 2029/2030	Education Information System	Ministry of Education and Science
<i>The number of entities supported under the new model of mental health care for children and adolescents</i>	0 – 2021	50 by 2024	30 January 2026	400 entities by 2029	31 January 2030	2021 Central ICT System	Ministry of Development Funds and Regional Policy
<i>The number of individuals covered by support in the area of clinical psychology, psychotherapy, community therapy or other courses and training in the area of child and adolescent psychiatry</i>	104 – 2021	150 by 2024	30 January 2026	1,500 by 2029	31 January 2030	2021 Central ICT System	Ministry of Development Funds and Regional Policy
d. Actions targeting children with a migrant background or minority ethnic origin (particularly Roma)							
<i>The number of Ukrainian children supported since the beginning of Russia's invasion of Ukraine</i>	0.97 million – as at 20 April 2022	it is not possible to present a reliable estimate				Own estimate	Ministry of Family and Social Policy

Table 1. List of indicators for the evaluation of actions by area (continued)

INDICATOR	Base value and the year to which it refers	2025		2030		Information source	Entity responsible for providing information
		target value of the indicator in 2025	deadline for the provision of the indicator value for 2025	target value of the indicator in 2030	deadline for the provision of the indicator value for 2030		
<i>The number of Roma children covered by pre-school education as part of the Integration Programme for 2021-2030</i>	168 *	1,500	31 March 2026	3,000	31 March 2031	Programme of Social and Civic Integration of the Roma in Poland for 2021–2030	Ministry of the Interior and Administration
<i>The total number of people covered by the activities under Areas of Intervention I: Education</i>	5,829 *	30,000	31 March 2026	60,000	31 March 2031	Programme of Social and Civic Integration of the Roma in Poland for 2021–2030	Ministry of the Interior and Administration
e. Actions targeted at children in alternative (especially institutional) care							
<i>The percentage of children covered by family forms of alternative care in the total number of children in alternative care</i>	77% – 2020	78%	30 April 2026	80%	30 April 2031	Work and expenditure statement regarding support for the family and the alternative care system	Ministry of Family and Social Policy
f. Actions targeted at children in a precarious family situation							
<i>The number of consultations provided to children experiencing domestic violence*** that receive support in the form of medical, psychological, legal, social, professional and family counselling</i>	58,960 - 2020	67,804	30 September 2026	77,974	30 September 2031	Report on the implementation of the National Programme for Counteracting Domestic Violence**	Ministry of Family and Social Policy
<i>The number of people covered by support under the "Meal at School and Meal at Home" programme, including children</i>	1.2 million – 2019-2020 1 million – 2021	<i>Due to the fact that the implementation of the current Programme is envisaged until the end of 2023 and it is currently not possible to confirm its continuation in the current form, the proposed indicator refers only to the base value.</i>					Ministry of Family and Social Policy

* the base value does not refer to the year: calculated based on the averaged data from the previous Programme for the Social Integration of the Roma in Poland for 2014-2020 – it serves as a benchmark for calculating the realistic values of the indicators adopted in the Programme for Social and Civic Integration of the Roma in Poland for 2021-2030 and for comparing the dynamics between the ongoing Integration Programme and the previous one

** the name of the Report is given in accordance with the current legal order – in the plans to amend the Act of 29 July 2005 on Counteracting Domestic Violence, according to which the name is changed to: Report on the Government Programme for Counteracting Domestic Violence

*** the amendment to the Act on Counteracting Violence in the Family provides for the change of its name to „Act on Counteracting Domestic Violence”, which will imply the need to change the currently used nomenclature also with respect to children
