Introduction

The Pact for Skills is a shared engagement and approach to skills development. The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The short description should explain what your organisation is and what it is doing/planning to do in terms of upskilling and/or reskilling in Europe)

Cleantech Bulgaria Ltd. (CTBG) is an SME pioneering the Knowledge Triangle Integration in Bulgaria since 2015 when the company became official partner of the European Institute of Innovation and Technology (EIT). Currently, CTBG is a Hub Manager for EIT Manufacturing and EIT Food and along with other hub activities, places stakeholder engagement and reskilling and upskilling for the twin transition high on the Hubs' agendas in line with the KICs' priorities. This is supported also by the fact that CTBG operates the VET "Aspekti" educating between 300 and 400 people per year within key competences. CTBG transfers key European priorities like reskilling and upskilling for the twin transition and introduction of micro-credentials directly into the VET practices on ground. Finally, the portfolio of topics covered by CTBG stretches from agri-food through construction to energy intensive industries thus allowing the company to build strong VET offerings in key strategic sectors.
