Join the Alliance and submit your pledge

The Council Recommendation on a [European Framework for Quality and Effective Apprenticeships \(EFQEA\)](#) adopted on 15 March 2018 describes apprenticeships as “formal vocational education and

training schemes” whereby learning alternates between learning in school and training in the workplace, leading to the acquisition of a formal qualification. Quality apprenticeships are paid and regulated by a work contract between the apprentice and the employer. You can learn more about apprenticeships [here](#).

By joining the Alliance, pledgers commit to strengthening one or more of the main EAfA objectives, promoting apprenticeships, and upholding the 14 EFQEA criteria for quality and effective apprenticeships.

The originator of the pledge is solely responsible for implementing the actions outlined and commits to report on the implementation of the commitments at least once per year. The pledge and reported results will be published on the EAfA webpage, and may be used for communication purposes.

Pledges are accepted from EU countries, EFTA countries and EU candidate and partner countries.

The pledges should demonstrate concrete commitment and actions that will strengthen apprenticeships when it comes to one or more of the following aspects:

1. Increasing their supply
2. Improving their quality
3. Improving their image
4. Enhancing mobility of apprentices
5. Supporting the twin green/digital transition

Apprenticeship Developers in Sweden offers consultancy services for authorities, regions, employers and training providers around the organisation and quality assurance of vocational training, with a focus on apprenticeships, work-based learning, and validation. Apprenticeship Developers sources consultants from the Agency for the University of Applied Sciences (MYH) and the Västra Götaland region, who act as experts for social partners and education providers, helping these actors create qualification places based on the learning outcomes of the Swedish EQF scale, ensuring that they meet the labour market's need for qualified labour.

* Please tell us in a few words why do you think apprenticeships are important *(EAfA might use this answer for communication purposes and it might be published on the EAfA website):*

150 character(s) maximum

Cooperation between education and employment actors, as well as a better supply of apprentices, can reduce labour exclusion and skill shortages.

500 character(s) maximum

By joining EAfA, Apprenticeship Developers in Sweden aims to increase the attractiveness of apprenticeships for students, schools, businesses and parents. A country cannot develop apprenticeships further by itself, but it needs to learn from and exchange good practice examples with other countries in Europe, both when it comes to developing micro-credentials and good practices of validation of prior learning.

* What are the benefits you expect from your organisation's participation in the EAfA?*

500 character(s) maximum

Continuing our membership to EAfA will allow Apprenticeship Developers in Sweden to gather knowledge about different European apprenticeship systems and gain specific advice on how to develop systems for target groups such as migrants or people with intellectual disabilities.

* Please indicate the starting year of your pledge:

2020

* You are applying:

- On your own (as one organisation)
- In partnership with one or more organisations

Joining the European Alliance for Apprenticeships

Please confirm your understanding of the EAfA principles – by ticking all 3 boxes. By ticking the boxes, you:

- Agree with the understanding of apprenticeships[i], as set out in the European Framework for Quality and Effective Apprenticeships (EFQEA) and to contribute to the implementation of this Framework.

For the supply of apprenticeships, commit as relevant to apply the learning and working conditions set out in the European Framework for Quality and Effective Apprenticeships (EFQEA).[ii]

Commit to the extent possible to provide updates on activities related to this pledge, in the yearly survey on EAfA pledges.

[i] Apprenticeships are understood as formal vocational education and training schemes that

a) combine learning in education or training institutions with substantial work-based learning in companies and other workplaces,

b) lead to nationally recognised qualifications,

c) are based on an agreement defining the rights and obligations of the apprentice, the employer and, where appropriate, the vocational education and training institution, and

d) with the apprentice being paid or otherwise compensated for the work based component.

[ii] Council Recommendation of 15 March 2018 on a European Framework for Quality and Effective Apprenticeships (2018/C 153/01).
