[Join the Alliance and submit your pledge](#)

The Council Recommendation on a [European Framework for Quality and Effective Apprenticeships \(EFQEA\)](#) adopted on 15 March 2018 describes apprenticeships as “formal vocational education and

training schemes” whereby learning alternates between learning in school and training in the workplace, leading to the acquisition of a formal qualification. Quality apprenticeships are paid and regulated by a work contract between the apprentice and the employer. You can learn more about apprenticeships [here](#).

By joining the Alliance, pledgers commit to strengthening one or more of the main EAfA objectives, promoting apprenticeships, and upholding the 14 EFQEA criteria for quality and effective apprenticeships.

The originator of the pledge is solely responsible for implementing the actions outlined and commits to report on the implementation of the commitments at least once per year. The pledge and reported results will be published on the EAfA webpage, and may be used for communication purposes.

Pledges are accepted from EU countries, EFTA countries and EU candidate and partner countries.

The pledges should demonstrate concrete commitment and actions that will strengthen apprenticeships when it comes to one or more of the following aspects:

1. Increasing their supply
2. Improving their quality
3. Improving their image
4. Enhancing mobility of apprentices
5. Supporting the twin green/digital transition

1000 character(s) maximum

Since 1977, the Ente Nazionale Giuseppini del Murialdo (ENGIM) has been planning and organizing training initiatives to prepare individuals for the labour market, to equip them with both hard and soft skills, and to make them capable of working for the common good. ENGIM helps young people and adults develop their personal and social abilities and supports them in joining an integrated education and/or career path. ENGIM promotes social and labour market inclusion, notably through a strong synergy with the labour market which allows them to respond to educational needs and keep up with an increasingly changing society. Taking advantage of the opportunities offered by the dual system, ENGIM has chosen to innovate professional training, as they see work as an educational challenge. ENGIM are part of EU networks through which they organize mobility activities and Erasmus+ projects.

* Please tell us in a few words why do you think apprenticeships are important *(EAfA might use this answer for communication purposes and it might be published on the EAfA website):*

150 character(s) maximum

Apprenticeship is one of the best ways for individuals in training to integrate the labour market and gain work experience.

* What is your motivation for joining the EAfA?

500 character(s) maximum

ENGIM is motivated to join EAfA as they believe that EU networks are a fundamental part of providing high-quality training. By joining the EAfA network, ENGIM will be able to share and learn from the experiences of others, including best practices around the work insertion of students. The need to share best practices is in the context of the Italian dual VET system, where VET organizations had to face the challenge of including soft skills into didactic models.

* What are the benefits you expect from your organisation's participation in the EAfA?*

500 character(s) maximum

By participating in EAfA, ENGIM expects to benefit from networking activities, as well as an easier access to EU documents and policies. They also expect to host and organize job shadowing, study visits and exchanges, as they received many benefits such as didactic content and new approaches from previous networking experiences.

* Please indicate the starting year of your pledge:

* You are applying:

- On your own (as one organisation)
- In partnership with one or more organisations
