On 6 December 2016, the European Commission organised in Brussels the Seminar on Sport Diplomacy. This event follows the Report delivered in June 2016 by the High Level Group on Sport Diplomacy (HLG), set up under the initiative of Commissioner Navracsics.

The Seminar was opened by the Prime Minister of Fiji, Josaia Voreqe Bainimarama; Virginie Rozière (MEP) representing the European Parliament as well as Commissioner Navracsics. Furthermore, it was also a great opportunity for the Slovak Presidency to present the Council Conclusions on sport diplomacy recently adopted by the EU Ministers responsible for Sport. During the afternoon, participants were invited to take part in three interactive workshops and to discuss the recommendations in the HLG Report covering the three following areas: EU external actions; Promotion of EU values in the context of major sport events and advocacy; Development of an organisational culture of sport diplomacy. The aim of the workshops was to reflect on how to translate the recommendations into concrete actions.

The Seminar on Sport Diplomacy was attended by almost 100 participants from Member States, International, European and national sport federations, Olympic movement, politicians, decision-makers and other sport stakeholders.
