### **2.2. Independence of the liquidity provider**

- 2.2.1. *The liquidity provider shall, in performing this contract, act independently from the issuer.*
- 2.2.2. *The liquidity provider shall have in place measures to ensure that the trading decisions related to this contract remain independent from the trading decisions of other trading desks, groups or units within the liquidity provider, engaged in trading activities on the shares or on financial instruments the price or value of which depends or has an effect on the price or value of the shares within the liquidity provider's mandate under this contract, including orders to trade received from clients, portfolio management or orders placed on its own account.*
- 2.2.3. *The liquidity provider shall maintain an appropriate internal structure and controls that ensure the independence of its staff in charge of trading under this contract from other trading desks, groups or units engaged in trading activities carried out by the liquidity provider.*

### **2.3. Conflicts of interest**

The liquidity provider shall have in place appropriate measures to prevent and manage conflicts of interests arising from the performance of this contract.
