

CALL FOR APPLICATIONS FOR THE SELECTION OF MEMBERS OF THE EXPERT GROUP ON THE ECONOMIC AND SOCIETAL IMPACT OF RESEARCH AND INNOVATION (ESIR4)

1. Background

1. DG RTD has set up an expert group (“ESIR4” or “the group”).
2. In relation to the fields listed in point 3 of this Article, the group’s tasks shall be:
 1. To assist the Commission’s Directorate-General Research and Innovation (‘DG RTD’) in the preparation of policy initiatives in the field of Research and Innovation;
 2. To assist DG RTD with strategic advice on how to develop an evidence-based, transformative research and innovation policy that drives the sustainability transitions in Europe;
 3. To assist DG RTD in the implementation of EU research and innovation policy, including coordination and cooperation with EU Member States and stakeholders in that regard;
 4. To produce input on specific policy issues at the request of DG RTD;
 5. To produce policy briefs at the request of DG RTD which may be used by Commission services when organising workshops or in debates with stakeholders, as well as to organise outreach activities in order to disseminate their work, create engagement, and foster the ‘ESIR Community’¹;
 6. To provide DG RTD with concrete proposals for policy actions based on the group’s reflections.
3. In particular, the group shall continue building on the work performed so far by ESIR3, notably on the governance and assessment of technologies and on the development of a systemic approach to R&I policy to foster competitiveness. These narratives were developed to guide EU R&I policy in light of the ongoing and emerging technology and security challenges and will support an anticipatory R&I policy in an evolving European and international context. In this context, it shall focus on exploring the following broad subjects:
 1. **The ability of EU research and innovation policy to increase productivity, competitiveness and prosperity in the EU.** In particular the experts will focus on public and private investment in R&I by the EU, by the Member States, and by the private sector. They will try to assess the extent to which such investment translates into economic and social outcomes. They will also study the coherence between different levels of government.

¹ By « ESIR Community » is understood the informal professional networks of the ESIR experts, as well as the former members of the group, and organisations that have manifested interest in being informed of the group’s reflections and interventions

2. **The capacity of R&I policies to support systemic transitions for sustainable, inclusive and prosperous societies acting in synergy with other EU policies.** In particular, the role technology plays in shaping society, and the factors determine societal readiness to adopt new technologies will be examined. The experts will also consider the synergies between societal and technological solutions to enhance public acceptance and promote adoption and diffusion of new technologies. The integration of environmental and ecological elements into growth models and companies' business models will also be examined.
3. **In light of changing geopolitical dynamics, the experts will examine how EU research and innovation policy can effectively contribute to strengthening European security & defence.** They will consider the synergies and spillovers existing between EU civilian and military innovation and how can civilian R&I support European defence. They will also be tasked with mapping the pathway from lab to production of EU defence or dual-use innovation, as well as the role of science diplomacy and technology transfer in enhancing the EU's economic security. The environmental impact of defence innovation will also be considered.
4. **Contributing to the mapping of the development of emerging technologies and assess their potential societal, economic, and environmental impacts.** The experts will also assist the Commission in designing the governance frameworks needed to ensure they deliver benefits for citizens, businesses, and the planet.
5. **Driving innovation in policymaking and strengthening the integration of scientific evidence and knowledge into the policymaking process.** A stronger focus on evidence-informed policymaking can help to solve pressing challenges in the R&I domain. The experts will identify innovations in research policy yet to be deployed, such as advances in public innovation procurement, which could help bridge the gap from lab to market.
6. The experts will advise the Commission on creating the right conditions to attract top researchers and innovators to the EU, and deepening the collaboration between EU and Member State levels.

The Commission is calling for applications with a view to selecting members of the group.

2. Features of the Group

2.1. COMPOSITION

The group shall consist of up to 21 members.

Members shall be individuals appointed in a personal capacity.

Members appointed in a personal capacity shall act independently and in the public interest.

2.2. APPOINTMENT

Members shall be appointed by the Director-General of DG RTD from applicants complying with the requirements referred to in chapter 4 of this call.

Members shall be appointed for 2 years. They shall remain in office until replaced, or until the end of their term of office. Their term of office may be renewed.

In order to ensure continuity and the smooth functioning of the group, DG RTD shall establish a reserve list of 10 suitable candidates that may be used to appoint new members or members' replacements. DG RTD shall ask applicants for their consent before including their names on the reserve list.

The group will initially be composed of 16 members, but up to 5 members of the reserve list may become additional full-fledged members during the mandate, depending on whether the Commission needs additional expertise. The members of the reserve list can also be used to replace members that step down or are removed from the group.

Members who are no longer capable of contributing effectively to the group's deliberations, who in the opinion of DG RTD do not comply with the conditions set out in Article 339 of the Treaty on the Functioning of the European Union or who resign, shall no longer be invited to participate in any meetings of the group and may be replaced for the remainder of their term of office.

2.3 RULES OF ENGAGEMENT AND OPERATION OF THE GROUP

DG RTD shall appoint the Chair and Vice-Chair of the group.

The group shall act at the request of DG RTD, in compliance with the Commission's horizontal rules on expert groups ('the horizontal rules')².

In principle, the group shall meet at least once per year on Commission premises or virtually depending on the circumstances. DG RTD shall provide secretarial services. Commission officials from other departments with an interest in the proceedings may attend meetings of the group and its sub-groups.

Members should be prepared to attend meetings systematically, to contribute actively to discussions in the group, to be involved in preparatory work ahead of meetings, to examine and provide comments on documents under discussion, and to act, as appropriate, as 'rapporteurs' on *ad hoc* basis.

As a general rule, working documents will be drafted in English and meetings will be also conducted in English.

In principle, the group shall adopt its opinions, recommendations or reports by consensus. In the event of a vote, the outcome of the vote shall be decided by simple majority of the members. The members that voted against or abstained shall have the right to have a document summarising the reasons for their position annexed to the opinions, recommendations or reports.

² C(2016) 3301.

In agreement with the DG RTD the group may, by simple majority of its members, decide that deliberations shall be public.

Members of the group shall be granted a special allowance of EUR 450/per day, for each full working day spent assisting the Commission. This amount is considered to be proportionate to the specific tasks to be assigned to the experts, including the number of meetings to be attended and possible preparatory work. The expert group will be financed according to the provisions of the Commission Implementing Decision C(2024)8410 final, as regards the horizontal support expenditure for Horizon Europe and Euratom Programmes.

Travel and subsistence expenses incurred by participants in the activities of the group and sub-groups shall be reimbursed by the Commission. Reimbursement shall be made in accordance with the provisions in force within the Commission and within the limits of the available appropriations allocated to the Commission departments under the annual procedure for the allocation of resources.

The members of the group as well as invited experts and observers, are subject to the obligation of professional secrecy, which by virtue of the Treaties and the rules implementing them applies to all members of the institutions and their staff, as well as to the Commission's rules on security regarding the protection of Union classified information, laid down in Commission Decisions (EU, Euratom) 2015/443³ and 2015/444⁴. Should they fail to respect these obligations, the Commission may take all appropriate measures.

On a proposal by and in agreement with DG RTD the group shall adopt its rules of procedure on the basis of the standard rules of procedure for expert groups.

DG RTD may invite experts with specific expertise with respect to a subject matter on the agenda to take part in the work of the group or sub-groups on an ad hoc basis.

Individuals and public entities may be granted an observer status, in compliance with the horizontal rules, by direct invitation. Public entities appointed as observers shall nominate their representatives. Observers and their representatives may be permitted by the Chair to take part in the discussions of the group and provide expertise. However, they shall not have voting rights and shall not participate in the formulation of recommendations or advice of the group.

DG RTD may set up sub-groups for the purpose of examining specific questions on the basis of terms of reference defined by DG RTD. Sub-groups shall operate in compliance with the horizontal rules and shall report to the group. They shall be dissolved as soon as their mandate is fulfilled. The members of sub-groups that are not members of the group shall be selected via a public call for applications.

³ Commission Decision (EU, Euratom) 2015/443 of 13 March 2015 on Security in the Commission (OJ L 72, 17.3.2015, p. 41).

⁴ Commission Decision (EU, Euratom) 2015/444 of 13 March 2015 on the security rules for protecting EU classified information (OJ L 72, 17.3.2015, p. 53).

2.4. TRANSPARENCY

The group and sub-groups shall be registered in the Register of Commission expert groups and other similar entities ('the Register of expert groups')⁵.

As concerns the group and sub-groups composition, DG RTD shall publish the following data on the Register of expert groups:

- the name of individuals appointed in a personal capacity;
- the name of observers.

DG RTD shall make available all relevant documents, including the agendas, the minutes and the participants' submissions, on the Register of expert groups. In particular, DG RTD shall ensure publication of the agenda and other relevant background documents in due time ahead of the meeting, followed by timely publication of minutes. Exceptions to publication shall only be foreseen where it is deemed that disclosure of a document would undermine the protection of a public or private interest as defined in Article 4 of Regulation (EC) N° 1049/2001⁶.

Personal data shall be collected, processed and published in accordance with Regulation (EU) No 2018/1725.

3. Application procedure

Interested individuals are invited to submit their application to the European Commission, DG RTD.

Applications must be completed in one of the official languages of the European Union. However, applications in English would facilitate the evaluation procedure. If another language is used, it would be helpful to include a summary of the application in English.

An application will be deemed admissible only if it is sent by the deadline and includes the documents referred to below. All documents submitted by applicants should be duly filled in, legible, signed and numbered sequentially.

Supporting documents

Each application shall include the following documents:

- a cover letter explaining the applicant's motivation for answering this call and stating what contribution the applicant could make to the group;
- a classification form duly filled in specifying the member category for which the application is made (Annex I);
- a selection criteria form duly filled in documenting how the applicant fulfills the selection criteria listed in chapter 4 of this call (Annex II).

⁵ <http://ec.europa.eu/transparency/regexpert/index.cfm>

⁶ These exceptions are intended to protect public security, military affairs, international relations, financial, monetary or economic policy, privacy and integrity of the individual, commercial interests, court proceedings and legal advice, inspections/investigations/audits and the institution's decision-making process.

For individuals applying to be appointed as members of the group in a personal capacity, a *curriculum vitae* (CV) shall also be provided, preferably not exceeding three pages. All CVs shall be submitted in the European format ([Home](#) | [Europass](#)).

Individuals applying to be appointed as members of the group in a personal capacity must disclose any circumstances that could give rise to a conflict of interest by submitting a declaration of interests ('DOI') form on the basis of the standard DOI form for expert groups attached to this call (Annex III). Submission of a duly completed DOI form is necessary in order to be eligible to be appointed in a personal capacity. Individuals who answer in the affirmative questions included in the DOI form are required to supply further **details** by filling in the section 'Description'. DG RTD shall perform the conflict of interest assessment in compliance with the horizontal rules⁷.

Additional supporting documents (e.g. publications) may be requested at a later stage.

Selected applicants shall be requested to register in the EU expert database⁸. Applicants may register any time, and if done already by the time of expressing their interest, they may provide their registration number in the application form.

Deadline for application

- The duly signed applications must be sent by **12:00 CET (Brussels time) on 15 July, 2025** at the latest, to the following email address: RTD-ESIR@ec.europa.eu. The date of the e-mail will be the date of sending.

4. Selection criteria

DG RTD will take the following criteria into account when assessing applications:

- proven and relevant competence and experience, including at European and / or international level, in areas relevant to Research & Innovation (all applicants);
- absence of circumstances that could give rise to a conflict of interest, including circumstances that could undermine an applicant's independence;
- international recognition for the depth, reliability, and originality of experts' thinking in research and innovation, including non-technological innovation, related to the tasks of the group;
- demonstrated practical experience in designing, managing, and implementing research and innovation policies in public or private entities;
- confirmed advisory capacity on a European or international level;
- good knowledge of the English language allowing active participation in the discussions.

⁷ Article 11 of the horizontal rules.

5. Selection procedure

The selection procedure shall consist of an assessment of the applications performed by DG RTD against the selection criteria listed in chapter 4 of this call, followed by the establishment of a list of the most suitable applicants, and concluded by the appointment of the members of the group.

When defining the composition of the group, DG RTD shall aim at ensuring, as far as possible, a high level of expertise, as well as a balanced representation of relevant know-how and areas of interest, while taking into account the specific tasks of the group, the type of expertise required, as well as the relevance of the applications received.

Where individual experts are appointed, either in their personal capacity or to represent a common interest, DG RTD shall seek a geographical balance and a gender balance.

Annex IV

Guidance for filling in the declaration of interests (DOI) form by individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity

According to the Commission's horizontal rules on expert groups ('the horizontal rules'), Commission expert groups and other similar entities are consultative bodies¹³, the role of which is to provide advice and expertise to the Commission and its departments in relation to a number of tasks¹⁴. Individuals appointed as members of expert groups or sub-groups in a personal capacity are due to act independently and in the public interest¹⁵.

In order to ensure the highest integrity of experts, you are requested to duly complete the DOI form. You are required to disclose any circumstances that could give rise to a conflict of interest, i.e. any situation where your interests may compromise or may reasonably be perceived to compromise your capacity to act independently and in the public interest in providing advice to the Commission, in relation to the subject of the work performed by the expert group or sub-group in question. In particular, you must disclose in this DOI form any relevant professional and financial interests.

You must also declare relevant interests of your immediate family members. If interests of your immediate family members are declared, it is your responsibility to inform them about the collection and publication of information on their interests included in this DOI form and to provide them with the privacy statement attached to this guidance, and this at the latest when you file the DOI form with the Commission.

Please submit the completed DOI form to the competent Commission department, together with your CV, as part of your application to become member of an expert group or sub-group in a personal capacity. If there is any change concerning the information provided in the form, including on upcoming activities, you must promptly inform the competent Commission departments by completing a new DOI form which describes the changes in question.

Please note that having a declared interest does not necessarily mean having a conflict of interest. Answering "Yes" to a question on this DOI form does not automatically disqualify you or limit your participation in an expert group or sub-group. The competent Commission departments will review your answers in accordance with the horizontal rules and determine whether a conflict of interest relevant to the subject at hand exists¹⁶.

Where the competent Commission departments conclude that no conflict of interest exists, you are eligible to be appointed in a personal capacity. Where the competent Commission departments conclude that your interests may compromise or be reasonably perceived to compromise your capacity to act independently and in the public interest when providing advice to the Commission in relation to the subject of the work performed by the expert group or sub-group in question, they shall take one of the

following measures to deal with the conflict of interest detected, depending on the specific circumstances:

- You shall not be appointed in a personal capacity to the expert group or sub-group in question; in such case the competent Commission department shall inform you about the outcome of the conflict of interest assessment performed;
- You shall be appointed as member of the expert group or sub-group in a personal capacity with a number of specific restrictions: you may be excluded from certain meetings and/or activities carried out by the group, such as drafting opinions or recommendations; you may also be required to abstain from discussing certain agenda items and/or from any vote on those items;
- You shall be appointed as member of the expert group or sub-group representing a common interest shared by a number of stakeholders, after consultation of the stakeholders concerned.

Your DOI form shall be made publicly available on the Register of Commission expert groups and other similar entities, as long as you are appointed as member of the expert group or sub-group in a personal capacity. Technical measures will be taken to indicate to search engines that your DOI form should not appear in search results.

If you decline to complete a DOI form, you are not eligible to be appointed as a member of the expert group or sub-group in question in a personal capacity.

Personal data shall be stored, processed and published by the Commission in accordance with Regulation (EU) 2018/1725¹⁷ and Commission Decision C(2016) 3301¹⁸.

This privacy statement concerns the following processing operations:

(1) “selection of members of Commission expert groups and other similar entities” undertaken by the Commission department which runs the selection process for your expert group and which is the Data Controller for the selection process RTD/G/1, and

(2) “publication of personal data on the Register of expert groups and other similar entities” undertaken by the Commission, Secretariat-General, Unit F.4 which is the Data Controller together with the Commission department managing your expert group.

As a rule, the selection of expert group members is carried out via public calls for applications, except for Member States’ authorities and other public entities and for certain representative bodies established by Union legislation for advice in specific areas. In exceptional cases, the College of Commissioners may appoint directly members of expert groups.

The Register of expert groups and other similar entities is a public database containing a list of Commission expert groups and other similar entities and their sub-groups. The Register provides information for each expert group, including personal data on the members of the expert groups, their alternate, and of the observers, and information may be provided about members’ and observers’ representatives. The Register also includes documents that are produced and discussed by expert groups and which can contain personal data.

For the purpose of this privacy statement and the corresponding records, the term “expert groups” describes Commission expert groups in the sense of Article 2(1) of Commission Decision C(2016)3301²¹ and their sub-groups, as well as other similar entities in the sense of Article 2(2) of Commission Decision C(2016)3301 and their sub-groups.

2. Why and how do we process your personal data?

Purpose of the processing operations:

The Data Controllers collect and use your personal data to manage Commission expert groups, in particular by selecting their members and observers, and to ensure transparency on expert groups’ membership and activities. In that context, in order to select among the applicants who

²¹ Commission Decision C(2016)3301 of 30 May 2016 establishing horizontal rules on the creation and operation of Commission expert groups.

best fulfil the selection criteria mentioned in the call for applications, Commission services collect and assess personal information of candidate members and observers of the expert groups, of representatives of candidate members and observers, and of immediate family members of candidate members to be appointed in personal capacity to act independently and in the public interest.

Furthermore, Commission services collect and assess personal information of observers and members' and observers' representatives of the expert groups which are appointed directly and not selected through a public call for applications.

For candidates, personal data are stored by the Commission service managing the expert group. Some types of personal data of individuals appointed as members (either appointed in personal capacity to act independently and in the public interest or to represent a common interest shared by stakeholders in a particular policy area) are made publicly available on the Register of expert groups (as described under Headings 4 and 5 of this privacy statement). The names of the representatives of organisations, Member States and other public entities, as well as the name of specific national departments or other public authority which they represent may also be made publicly available on the Register of expert groups.

Your personal data will not be used for an automated decision-making including profiling.

3. On what legal ground(s) do we process your personal data

We process your personal data, because processing is necessary for the performance of a task carried out in the public interest (Article 5(1)(a) of Regulation (EU) 2018/1725), since it allows for the selection of members of expert groups (individuals appointed as members in a personal capacity, individuals appointed to represent a common interest and organisations) and also increases the transparency on expert groups. Processing is also necessary to comply with a legal obligation to which the controller is subject (Article 5(1)(b) of Regulation (EU) 2018/1725). The Union act for such necessary processing under Article 5(1)(a) and (b) of Regulation (EU) 2018/1725 is Commission Decision C(2016)3301 of 30 May 2016 establishing horizontal rules on the creation and operation of Commission expert groups and in particular Articles 10 and 22 thereof.

As regards, in particular, the declarations of interests filled in by candidate members to be appointed in a personal capacity in expert groups, the processing of personal data serves the public interest of enabling the Commission to verify in the process of selection the experts' independence in providing advice to the Commission. Furthermore, the public disclosure of declarations of interests of those experts once appointed allows for public scrutiny of the interests declared by these experts, which is necessary in order to ensure public confidence in the independence of these experts. The public disclosure of declarations of interests also ensures a high degree of transparency with respect to the membership of expert groups and aims at contributing to fostering the integrity of the experts in question.

The names of the representatives of organisations, Member States' authorities and other public entities are usually not published in the Register of expert groups, as those persons only express the position of the organisation or entity that they represent, and, therefore, it is the name of the organisation, Member State's authority or other public entity that matters to ensure transparency of the work of the expert group. Any publication of names of the representatives of organisations, Member States' authorities and other public entities in the Register of expert groups is based on consent (Article 5(1)(d) of Regulation (EU) 2018/1725), unless specific and exceptional circumstances make it necessary to publish them to achieve the purpose of the processing operation, in accordance with Article 5(1)(a) of Regulation (EU) 2018/1725. No other types of personal data of representatives is published.

The submissions of members in the context of the work of expert groups and subgroups are generally made public, with personal data withheld where appropriate.

In the cases when the group is chaired by a person different than the Commission or its services, the name of this person may be published on the basis of consent (Article 5(1)(d) of Regulation (EU) No 2018/1725).

4. Which personal data do we collect and further process?

In order to carry out these processing operations, the Data Controller may collect the following categories of personal data:

- *Name;*
- *Function;*
- *Contact details (for example, e-mail address, telephone number, mobile telephone number, fax number, postal address, company and department, country of residence, IP address);*
- *Information for the evaluation of selection criteria or eligibility criteria (for example, expertise, technical skills and languages, educational background, professional experience, including details on current and past employment);*
- *Nationality;*
- *Gender;*
- *Interest represented (only for individuals applying to be appointed as members of expert groups or sub-groups representing a common interest shared by stakeholders in a particular policy area and for organisations applying to be appointed as members of expert groups or sub-groups, as well as for their designated representatives);*
- *Information included in the declarations of interests, including personal data of immediate family members as required in the declaration of interests (only for individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity).*
- *Personal data that may be included in submissions of members of expert groups.*

The provision to the Commission service of the personal data required is mandatory to meet a legal requirement of selecting members of expert groups as set in Commission Decision C(2016)3301. In principle, for individuals appointed as members or observers in personal capacity to act independently and in the public interest and for individuals appointed as members or observers to represents a common interest, the types of personal data listed above (with the exception of contact details and information for the evaluation of selection criteria or eligibility criteria) are made publicly available on the Register of expert groups, in order to comply with the legal requirement to ensure transparency on the composition and functioning of Commission expert groups. If you do not provide the personal data required, possible consequences are that you will not be considered for selection as a member of an expert group or, if already selected, your membership will be suspended.

The submissions of members in the context of the work of expert groups and subgroups are generally made public, with personal data withheld where appropriate.

With the prior freely given, specific, informed and unambiguous consent of the representatives of organisations, Member States' authorities and other public entities, their names may also be published on the Register. They may furthermore be published in specific and exceptional circumstances where such publication is necessary to achieve the purpose of the processing operation.

The name of a person chairing the group, when this person is not from within the Commission (i.e. the group elects a chair from among its members or the Commission or its services appoint an individual as chair), may be published with his/ her prior freely given, specific, informed and unambiguous consent.

5. How long do we keep your personal data?

The Data Controller only keeps your personal data for the time necessary to fulfil the purpose of collection or further processing. The following modalities apply:

- The competent Commission services keep personal data submitted to them as part of rejected applications for three years after the end of the selection process and do not process them for other purposes; these personal data are not published on the Register of expert groups.
- The expert group and some types of personal data of its members and observers, as described in Heading 4, are published on the Register of expert groups during the duration of existence of the expert group.
- When an individual is no longer member or observer or representative of a member or observer of an expert group listed in the Register of expert groups, all personal data related to this individual, including a declaration of interests, is removed from the Register and is therefore not public anymore.
- The competent Commission services keep personal data for the period during which the relevant individual is a member or an observer or a representative of a member or of an observer of the group and for five years after the date on which the individual is no longer member or observer or representative of a member or observer of the group. Following this five-year period, the personal data is transferred to the historical archives and a review takes place no later than 25 years after that transfer to the historical archives to evaluate whether to keep the data permanently or to delete some or all data.
- When a group is closed down, it remains published in the Register of expert groups for five years, with the indication 'Closed'. Those types of personal data other than the declarations of interests of members appointed in personal capacity that were published while the group was active remain visible on the Register of expert groups during these five years. On the contrary, the said declarations of interests are removed from the Register after closure of a group and are therefore not public anymore; they are however kept by the competent Commission service for a period of five years after the closure of the group. Following this five-year period after the closure of the group, the personal data is transferred to the historical archives and a review takes place no later than 25 years from that transfer to evaluate whether to keep the data permanently or to delete some or all data.
- An XML file is created daily with all the information regarding active groups. All versions of this file, showing the situation of the Register of expert groups as of the day it was created, are stored in a file server for 5 years and are not public.

6. How do we protect and safeguard your personal data?

Personal data submitted in paper form is stored in the competent Commission service. All personal data in electronic format (e-mails, documents, databases, uploaded batches of data, etc.) are stored on the servers of the Commission. All processing operations are carried out pursuant to the [Commission Decision \(EU, Euratom\) 2017/46](#) of 10 January 2017 on the security of communication and information systems in the European Commission.

In order to protect your personal data, the Commission has put in place a number of technical and organisational measures. Technical measures include appropriate actions to address online

security, risk of data loss, alteration of data or unauthorised access, taking into consideration the risk presented by the processing and the nature of the personal data being processed. Organisational measures include restricting access to the personal data solely to authorised persons with a legitimate need to know for the purposes of this processing operation.

7. Who has access to your personal data and to whom is it disclosed?

Access to your personal data collected in the course of the process of selection of members of expert groups is provided to the Commission staff authorised for carrying out this processing operation and to other authorised Commission staff according to the “need to know” principle. Such staff abide by statutory, and when required, additional confidentiality agreements.

Certain personal data collected, as explained in Headings 4 and 5, are publicly available on the Register of expert groups.

The XML files referred to in Heading 5 are only accessible to a reduced number of users in the Secretariat-General (System Owner) and IT development team within the Commission (System Supplier).

Please note that pursuant to Article 3(13) of Regulation (EU) 2018/1725, public authorities (e.g. Court of Auditors, EU Court of Justice, European Ombudsman) which may receive personal data in the framework of a particular inquiry in accordance with Union or Member State law shall not be regarded as recipients. The further processing of those data by those public authorities shall be in compliance with the applicable data protection rules according to the purposes of the processing.

The information we collect will not be given to any third party, except to the extent and for the purpose we may be required to do so by law.

8. What are your rights and how can you exercise them?

You have specific rights as a ‘data subject’ under Chapter III (Articles 14-25) and Article 35 of Regulation (EU) 2018/1725, in particular the right to access your personal data and to rectify them in case your personal data is inaccurate or incomplete. Under certain conditions, you have the right to erase your personal data, to restrict the processing of your personal data, to object to the processing and the right to data portability.

You have the right to object to the processing of your personal data on grounds relating to your particular situation in accordance with Article 23(1) of Regulation (EU) 2018/1725.

As indicated in Heading 4, if you are a representative of an organisation, Member State or another public entity, you may consent to have your name published on the Register of expert groups. You can withdraw your consent at any time by notifying the Data Controller. The withdrawal will not affect the lawfulness of the processing carried out before you have withdrawn the consent.

Finally, and only as regards the publication of your name on the Register of expert groups, you may submit a request to the competent Commission service for a derogation where justified on compelling legitimate grounds in relation to your specific situation (such as the case where the publication of your name on the Register of expert groups could endanger your security or integrity).

You can exercise your rights by contacting the Data Controller or, in case of conflict, the Data Protection Officer. If necessary, you can also address the European Data Protection Supervisor. Their contact information is given under Heading 9 below.

Where you wish to exercise your rights in the context of one or several specific processing operations, please provide their description (i.e. their Record reference(s) as specified under Heading 10 below) in your request.

Data subject requests shall be handled within one month from receipt of the request by the Commission. That period may be extended pursuant to 14(3) of Regulation (EU) 2018/1725. Should more time be required to handle the request for justified reasons, the data subject shall receive a holding reply from the unit responsible for the request.

9. Contact information

- The Data Controller

Regarding the personal data collected in the course of the process of selection of the members of the expert groups, if you would like to exercise your rights under Regulation (EU) 2018/1725, or if you have comments, questions or concerns, or if you would like to submit a complaint, please contact RTD-ESIR@ec.europa.eu

Likewise, as regards the data published on the Register of expert groups, please contact the corresponding Data Controller Secretariat-General, Unit F4: SG-EXPERT-GROUPS@ec.europa.eu.

- The Data Protection Officer (DPO) of the Commission

You may contact the Data Protection Officer (DATA-PROTECTION-OFFICER@ec.europa.eu) with regard to issues related to the processing of your personal data under Regulation (EU) 2018/1725.

- The European Data Protection Supervisor (EDPS)

You have the right to have recourse (i.e. you can lodge a complaint) to the European Data Protection Supervisor (edps@edps.europa.eu) if you consider that your rights under Regulation (EU) 2018/1725 have been infringed as a result of the processing of your personal data by the Data Controller.

10. Where to find more detailed information?

The Commission Data Protection Officer (DPO) publishes the register of all processing operations on personal data by the Commission, which have been documented and notified to him. You may access the register via the following link: <http://ec.europa.eu/dpo-register>.

These specific processing operations will be included in the DPO's public register with the following Record references: DPR-EC-01066 and DPR-EC-00656.
