

## EUROPEAN COMMISSION

DIRECTORATE-GENERAL FOR AGRICULTURE AND RURAL DEVELOPMENT

Directorate E – Markets  
E.3 – Animal products

Brussels

Art 4(1)(b)

**Subject:** Pigmeat Production Forecast

Dear National Experts,

As announced at the February meeting of the Expert group for agricultural markets, in particular concerning aspects falling under the CMO regulation - Subgroup animal products (Animal Products Expert Group), we are reaching out to kindly request your active contribution to our pigmeat production forecast exercise.

We designed a user-friendly survey that puts minimum burden on your shoulders, while allowing to enhance understanding of the current and potential future landscape of pig production within the EU.

The survey form contains, per Member State, Eurostat production data for 2022 and 2023, as well as forecast figures of GIP (gross indigenous production) for 2023 and 2024. You are asked to either confirm the GIP for the year 2024 or give your own estimate. In either case, we also ask you to concisely outline the key elements for your assessment.

Your forecast data will not be published on the Europa website, but they will be discussed during the meeting of the Animal Products Expert Group on 18 April 2024.

The survey is available under

<https://ec.europa.eu/ensurvey/runner/PigmeatProductionForecastSpring2024> :

password: Art 4(1)(b)

We would appreciate your response no later than 8 April 2024. Should you have any further questions, please do not hesitate to contact us.

Thank you very much for your time and cooperation.

Best regards,
