**2. Adoption of the agenda**

**3. Introduction**

The Commission will provide background information about the joint workshop and outline the objectives.

**4. Reporting under IED and E-PRTR**

With the aim of attaining a common understanding, the Commission will present the existing reporting requirements and tools under IED and E-PRTR.

**5. Exploring synergies**

The aim is to exchange experience and views on how synergies between E-PRTR- and IED-reporting have been built at national level and then to discuss how synergies could be built and implemented at EU level and the benefits and challenges that come with this.

5.1 Presentations by Member State experts of their national experience in building synergies in E-PRTR and IED data management and reporting (15 minutes per case)

- Ireland
- Germany
- Spain
- Denmark (to be confirmed)

5.2 Presentation by the EEA on topics for consideration

5.3 Discussion on building synergies at EU level based on the questions detailed in the discussion paper

#### 5.4 Reporting under E-PRTR and IED and compliance with INSPIRE

The opportunity will be given to experts to exchange views on the issues to be addressed to ensure compliance with INSPIRE in the context of the IED reporting initiative.

### **6. Conclusions and next Steps**

The Commission will set out the proposed way ahead for developing the IED reporting tools and promote synergies with E-PRTR.
