COMMISSION DELEGATED REGULATION (EU) .../...

of 24.11.2015

**amending Directive 2014/24/EU of the European Parliament and of the Council in
respect of the application thresholds for the procedures for the award of contracts**

(Text with EEA relevance)

EXPLANATORY MEMORANDUM

1. CONTEXT OF THE DELEGATED ACT

Article 6 of Directive 2014/24/EU of the European Parliament and of the Council of 26 February 2014 on public procurement and repealing Directive 2004/18/EC, empowers the Commission, to adopt delegated acts, in accordance with Article 290 TFEU, for the revision of the thresholds. That Article also provides, in case of time constraints, for the use of the urgency procedure, in accordance with Article 88 of that Directive.

According to Article 6(1) of Directive 2014/24/EU, the calculation of the thresholds is made on the basis of the average daily value of the euro in terms of the Special Drawing Rights, over a period of 24 months terminating on 31 August preceding the revision, with effect from 1 January. Consequently, the calculation of the thresholds cannot start earlier than 1st of September due to data availability. Furthermore, according to Article 6(4) of that Directive, the revised thresholds (in EURO) and their corresponding values in other European Union (EU) national currencies shall be published by the Commission in the Official Journal of the EU at the beginning of November.

In view of the above, and in order to meet the above mentioned deadline, the Commission makes recourse to the urgency procedure for adopting this regulation.

2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT

The Experts Group for Public Procurement was consulted on this Regulation and the accompanying Communication.

3. LEGAL ELEMENTS OF THE DELEGATED ACT

The calculation of the thresholds of the public procurement Directives is a purely mathematical operation and therefore the revision of the threshold as such is merely a technical exercise. It must be carried out every 2 years in accordance with the terms of the World Trade Organisation Agreement on Government Procurement (GPA). The purpose of the adjustments is to correct for any currency movements between the signatories which would affect the extent of their procurement markets which are open to competition from companies in other signatory countries.

The GPA has a mechanism for recalculating the equivalent value of its thresholds, which are fixed in SDRs, in the currencies of its parties every two years. This mechanism is given legal effect through Article 6 of Directive 2014/24/EU. For reasons of coherence, it is appropriate to align also those thresholds in 2014/24 EU which are not covered by the Agreement.

COMMISSION DELEGATED REGULATION (EU) .../...

of 24.11.2015

amending Directive 2014/24/EU of the European Parliament and of the Council in respect of the application thresholds for the procedures for the award of contracts

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2014/24/EU of the European Parliament and of the Council of 26 February 2014 on public procurement and repealing Directive 2004/18/EC¹ and in particular Article 6 thereof,

Whereas:

- (1) By Decision 94/800/EC² the Council concluded the Agreement on Government Procurement ('the Agreement')³. The Agreement should be applied to any procurement contract with a value that reaches or exceeds the amounts ('thresholds') set in the Agreement and expressed as special drawing rights.
- (2) One of the objectives of Directive 2014/24/EU is to allow the contracting authorities which apply that Directive to comply at the same time with the obligations laid down in the Agreement. To achieve that, the thresholds laid down by that Directive for public contracts which are also covered by the Agreement should be aligned in order to ensure that they correspond to the euro equivalents, rounded down to the nearest thousand, of the thresholds set out in the Agreement.
- (3) For reasons of coherence, it is appropriate to align also the thresholds in Directive 2014/24/EU which are not covered by the Agreement. Directive 2014/24/EU should therefore be amended accordingly.
- (4) As the calculation of the revised thresholds is required to be made on the basis of an average value of the euro for a certain period terminating on 31 August and the revised thresholds are to be published in the *Official Journal of the European Union* at the beginning of November, the urgency procedure should be applied when adopting this Regulation,

³ The Agreement is a plurilateral agreement within the framework of the World Trade Organisation. The aim of the Agreement is to mutually open government procurement markets among its parties.
