**COMMISSION DELEGATED REGULATION (EU) .../...**

**of 29.6.2016**

**supplementing Directive 2014/65/EU of the European Parliament and of the Council on  
markets in financial instruments with regard to regulatory technical standards  
specifying information to be notified by investment firms, market operators and credit  
institutions**

(Text with EEA relevance)

## **EXPLANATORY MEMORANDUM**

### **1. CONTEXT OF THE DELEGATED ACT**

The Markets in Financial Instruments Directive (Directive 2014/65/EU, MiFID II) empower the European Securities and Markets Authority (ESMA), under Articles 34(8) and 35(11) of MiFID II, to develop an exhaustive list of information to be notified to the relevant competent authority by investment firms and credit institutions exercising their rights under the freedom to provide services or the freedom of establishment.

The objective of these regulatory technical standards is to enhance clarity, certainty and predictability in the notification process for investment firms and to facilitate internal process within competent authorities through the use of harmonised documents

In accordance with Articles 10 to 15 of Regulation No (EU) 1095/2010 establishing ESMA, the Commission shall decide within three months of receipt of the draft standards whether to endorse them. The Commission may also endorse the draft standards in part only, or with amendments, where the Union's interests so require, having regard to the specific procedure laid down in those Articles.

### **2. CONSULTATIONS PRIOR TO THE ADOPTION OF THE ACT**

ESMA has carried out a public consultation on the draft regulatory technical standards in accordance with the third subparagraph of Article 10(1) of Regulation (EU) No 1095/2010. In addition to this ESMA sought the views of the Securities and Markets Stakeholder Group (SMSG) set up in accordance with Article 37 of Regulation (EU) No 1095/2010. The SMSG chose not to provide advice on these issues due to the technical nature of the standards.

The ESMA final report sets out the feedback statement to the Consultation Paper which provided an analysis of responses to the consultation, described any material changes (or confirmed that there have been no material changes), and explained the reasons for this in the light of feedback received.

### **3. LEGAL ELEMENTS OF THE DELEGATED ACT**

The objective of this regulatory technical standard is to develop an exhaustive list of information to be notified to the relevant competent authority by investment firms and credit institutions exercising their rights under the freedom to provide services or the freedom of establishment.

These standards will provide certainty, clarity and predictability in the passport notification process and will facilitate the review by competent authorities. More effective exercise of supervisory functions serves investment firms, investor protection and market integrity. Moreover, they are based significantly on the existing CESR (ESMA's predecessor) work on the passport under MiFID ("Protocol on MiFID Passport Notifications" ). Therefore, as there are no fundamental changes, the costs implied by these rules are not expected to be significant.

Articles 1 defines the scope of application of the delegated act.

Article 2 provides relevant definitions for the purposes of the delegated act.

Articles 3 to 7 sets out the information that investment firms, market operators and, when foreseen, credit institutions should notify to the competent authorities of their home Member

State when they wish to provide investment services or perform investment activities as well as ancillary services in another Member State.

Article 8 provides that the Regulation shall enter into force on the twentieth day following that of its publication in the Official Journal.

**COMMISSION DELEGATED REGULATION (EU) .../...**

**of 29.6.2016**

**supplementing Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments with regard to regulatory technical standards specifying information to be notified by investment firms, market operators and credit institutions**

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU<sup>1</sup>, and in particular the third subparagraph of Articles 34(8) and the third subparagraph of Article 35(11) thereof,

Whereas:

- (1) It is important to specify the information that investment firms, market operators and, where required by Directive 2014/65/EU, credit institutions should notify to the competent authorities of their home Member State when they wish to provide investment services or perform investment activities as well as ancillary services in another Member State, in order to establish uniform information requirements and to benefit from the possibility to provide services throughout the Union.
- (2) The scope and the content of information to be communicated to the home competent authority by investment firms, credit institutions or market operators wishing to provide investment services or activities as well as ancillary activities or arrangements to facilitate access and trading vary according to the purpose and the form of the passport rights. For reasons of clarity it is therefore appropriate to define different types of passport notification for the purposes of this Regulation.
- (3) For the same reasons, it is also important to clarify the information that investment firms or market operators, operating a multilateral trading facility ("MTF"), or organised trading facility ("OTF"), should submit when they wish to facilitate, within the territory of another Member State, access to and trading on those systems by remote users, members or participants established in that other Member State.
- (4) Competent authorities of home and host Member States should receive updated information in case of any change in the particulars of a passport notification, including any withdrawal or cancellation of the authorisation to provide investment services and activities. That information should ensure those competent authorities are able to make an informed decision that is consistent with their powers and responsibilities.

---

<sup>1</sup> OJ L 173, 12.6.2014, p. 349.

- (5) Changes to the name, address and contact details of investment firms in the home Member State are to be considered relevant and should therefore be notified as a change of branch particulars notification or as a change of tied agent particulars notification.
- (6) It is important for competent authorities of the home and host Member State to cooperate in addressing the threat of money laundering. This Regulation, and in particular the communication of the investment firm's programme of operations, should facilitate the assessment and supervision by the competent authority of the host Member State of the adequacy of the systems and controls to prevent money laundering and terrorist financing of a branch established in its territory, including the skill, knowledge and good character of its money laundering reporting officer.
- (7) The provisions in this Regulation are closely linked, since they deal with notifications related to the exercise of the freedom to provide investment services and activities and the exercise of the right of establishment that apply to investment firms, market operators and, where foreseen, credit institutions. To ensure coherence between those provisions, which should enter into force at the same time, and to facilitate a comprehensive view and compact access to them by persons subject to those obligations, it is desirable to include all regulatory technical standards for notification of information required by Title II, Chapter III of Directive 2014/65/EU in a single Regulation.
- (8) For reasons of consistency and in order to ensure the smooth functioning of the financial markets, it is necessary that the provisions laid down in this Regulation and the related national provisions transposing Directive 2014/65/EU apply from the same date.
- (9) This Regulation is based on the draft regulatory technical standards submitted by ESMA to the Commission.
- (10) In accordance with Article 10 of Regulation (EU) No 1095/2010 of the European Parliament and of the Council<sup>2</sup>, the European Securities and Markets Authority (ESMA) has conducted open public consultations on such draft regulatory technical standards, analysed the potential related costs and benefits and requested the opinion of the Securities and Markets Stakeholder Group established in accordance with Article 37 of that Regulation.

HAS ADOPTED THIS REGULATION:
