3. The resulting ratios shall be multiplied by 10 000 to express the indicator scores in terms of basis points.

Value of domestic payment transactions	Worldwide	Payments made in the reporting year (excluding intra-group payments): this indicator is calculated as the value of a bank's payments sent through all of the main payment systems of which it is a member. Report the total gross value of all cash payments sent by the relevant entity via large-value payment systems and the gross value of all cash payments sent through an agent bank (e.g. using a correspondent or nostro account) over the

		<p>reporting year in each indicated currency. All payments sent via an agent bank should be reported, regardless of how the agent bank actually settles the transaction. Do not include intra-group transactions (i.e. transactions processed within or between entities in the same group as the relevant entity). If precise totals are unavailable, known overestimates may be reported.</p> <p>Payments should be reported regardless of the purpose, location or settlement method. This includes, but is not limited to, cash payments associated with derivatives, securities financing transactions and foreign exchange transactions. Do not include the value of any non-cash items settled in connection with these transactions. Include cash payments made on behalf of the reporting entity as well as those made on behalf of customers (including financial institutions and other commercial customers). Do not include payments made through retail payment systems.</p> <p>Include only outgoing payments (i.e. exclude payments received). Include the amount of payments made via Continuous Linked Settlement (CLS). Other than CLS payments, do not net any outgoing wholesale payment values, even if the transaction was settled on a net basis (i.e. all wholesale payments made via large-value payment systems or through an agent must be reported on a gross basis). Retail payments sent via large-value payment systems or through an agent may be reported on a net basis.</p> <p>Please report values in euros, using the official rate specified at http://ec.europa.eu/budget/contracts_grants/info_contracts/inforeuro/inforeuro_en.cfm (for monthly rates) or http://www.ecb.europa.eu/stats/exchange/eurofxref/html/index.en.html (for daily rates).</p>
