Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 229/2013 of the European Parliament and of the Council of 13 March 2013 laying down specific measures for agriculture in favour of the smaller Aegean islands and repealing Council Regulation (EC) No 1405/2006¹, and in particular Articles 11(2), 15(4) and 18(4) thereof,

Whereas:

(2) In order to ensure that operators fully exercise their rights to participate in the specific supply arrangements, the conditions for recording them in the register of operators shall be determined. Registered operators should be entitled to benefit from the arrangements provided that they meet the obligations laid down in Union and national rules. Applicants should be entitled to registration provided that they meet a certain number of objective requirements designed to facilitate the administration of the scheme.

(3) In order to support the marketing of products outside a region in which they are produced and, where appropriate, the conditions for establishing the quantities of products subject to this aid should be established. Consequently, additional rules should be laid down relating to the support for the marketing of local products determining the conditions for establishing the maximum amount of aid to be awarded and the maximum quantities of product that can be subject to this aid.

(4) In order to ensure a reasonable and proportional allocation of the finance measures with regard to studies, demonstration projects, training and technical assistance measures, the conditions for determining the maximum annual amount which may be allocated to these measures should be established.
