   ANNEX 5 .................................................................................................................. 22
1. **INFORMATION ON TENDERING**

1.1. **Participation**

Participation in this tender procedure is open on equal terms to all natural and legal persons coming within the scope of the Treaties and to all natural and legal persons in a third country which has a special agreement with the Union in the field of public procurement on the conditions laid down in that agreement. Where the Multilateral Agreement on Government Procurement concluded within the WTO applies, the participation to the call for tender is also open to nationals of the countries that have ratified this Agreement, on the conditions it lays down.

1.2. **Contractual conditions**

The tenderer should bear in mind the provisions of the draft contract which specifies the rights and obligations of the contractor, particularly those on payments, performance of the contract, confidentiality, and checks and audits.

1.3. **Joint tenders**

A joint tender is a situation where a tender is submitted by a group of economic operators (consortium). Joint tenders may include subcontractors in addition to the joint tenderers.

In case of joint tender, all economic operators in a joint tender assume joint and several liability towards the Contracting Authority for the performance of the contract as a whole.

These economic operators shall designate one of them to act as leader with full authority to bind the grouping or the consortium and each of its members. It shall be responsible for the receipt and processing of payments for members of the grouping, for managing the service administration and for coordination. The composition and constitution of the grouping or consortium, and the allocation of the scope of tasks amongst the members, shall not be altered without the prior written consent of the Commission.

The tenderers should indicate in their offer whether the partnership takes the form of:

a) a **new or existing legal** entity which will sign the contract with the Commission in case of award

or

b) a group of partners not constituting a new legal entity, who via a **power of attorney**, signed by an authorised representative of each partner (except the lead partner), designate one of the partners as lead partner, and mandate him as lead contractor to sign the contract with the Commission in case of award.

---

1 See [http://www.wto.org/english/tratop_E/gproc_e/gp_gpa_e.htm](http://www.wto.org/english/tratop_E/gproc_e/gp_gpa_e.htm)
1.4. **Subcontracting**

Subcontracting is permitted in the tender but the contractor will retain full liability towards the Contracting Authority for performance of the contract as a whole.

Tenderers must give an indication of the part of the services and proportion of the contract that they intend to subcontract.

Tenderers are required to identify subcontractors whose share of the contract is above 20%.

During contract execution, the change of any subcontractor identified in the tender will be subject to prior written approval of the Contracting Authority.

1.5. **Content of the tender**

The tenders must be presented as follows:

Part A: Identification of the tenderer (see section 1.6)

Part B: Evidence for exclusion criteria (see section 2.2)

Part C: Evidence for selection criteria (see section 2.3)

Part D: Technical offer (see section 2.5)

Part E: Financial offer (see section 2.6)

Part F: Power of attorney (for consortia only)

1.6. **Identification of the tenderer: legal capacity and status**

- The tenderer's identification form in Annex 1 shall be filled in and signed by:
  - The tenderer (including any member of a consortium or grouping)
  - subcontractor(s) whose share of the work represent more than 20% of the contract.

- In order to prove their legal capacity and their status, all tenderers (including any member of a consortium of grouping) must provide a signed Legal Entity Form with its supporting evidence. The form is available on: [http://ec.europa.eu/budget/contracts_grants/info_contracts/legal_entities/legal_entities_en.cfm](http://ec.europa.eu/budget/contracts_grants/info_contracts/legal_entities/legal_entities_en.cfm)

  Tenderers that are already registered in the Contracting Authority’s accounting system (i.e. they have already been direct contractors) must provide the form but are not obliged to provide the supporting evidence.

- If it has not been included with the Legal Entity Form, tenderers must provide the following information

  - For legal persons, a legible copy of the notice of appointment of the persons authorised to represent the tenderer in dealings with third parties and in legal proceedings, or a copy of the publication of such appointment if the legislation which applies to the legal entity concerned requires such publication. Any
delegation of this authorisation to another representative not indicated in the official appointment must be evidenced.

- For natural persons, where applicable, a proof of registration on a professional or trade register or any other official document showing the registration number.

- The tenderer (only the leader in case of joint tender) must provide a Financial Identification Form and supporting documents. The form is available on: http://ec.europa.eu/budget/contracts_grants/info_contracts/index_en.cfm

2. EVALUATION AND AWARD

2.1. Evaluation steps

The evaluation is based on the information provided in the submitted tender. It takes place in three steps:

(1) Verification of non-exclusion of tenderers on the basis of the exclusion criteria

(2) Selection of tenderers on the basis of selection criteria

(3) Evaluation of tenders on the basis of the award criteria (technical and financial evaluation)

Only tenders meeting the requirements of one step will pass on to the next step.

2.2. Exclusion criteria

All tenderers shall provide a declaration on their honour (see Annex 2), duly signed and dated by an authorised representative, stating that they are not in one of the situations of exclusion listed in the Annex 2.

The declaration on honour is also required for identified subcontractors whose intended share of the contract is above 20%.

The successful tenderer shall provide the documents mentioned as supporting evidence in Annex 2 before signature of the contract and within a deadline given by the contracting authority. This requirement applies to all members of the consortium in case of joint tender. In case of doubt on this declaration on the honour, the contracting authority may also request the evidence for subcontractors whose intended share of the contract is above 20%.

2.3. Selection criteria

Tenderers must prove their economic, financial, technical and professional capacity to carry out the work subject to this call for tender.

The tenderer may rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for
example by producing an undertaking on the part of those entities to place those resources at its disposal.

2.3.1. **Economic and financial capacity criteria and evidence**

In order to prove their economic and financial capacity, the tenderer (in case of a joint tender the combined capacity of all tenderers and identified subcontractors) must comply with the following criteria:

The annual turnover of the last two financial years above € 200.000

The following evidence should be provided:

- Copy of the profit & loss account for the last two years for which accounts have been closed,

- Failing that, appropriate statements from banks,

If, for some exceptional reason which the Contracting Authority considers justified, a tenderer is unable to provide one or other of the above documents, he or she may prove his or her economic and financial capacity by any other document which the Contracting Authority considers appropriate. In any case, the Contracting Authority must at least be notified of the exceptional reason and its justification in the tender. The Commission reserves the right to request any other document enabling it to verify the tenderer's economic and financial capacity.

2.3.2. **Technical and professional capacity criteria and evidence**

a. **Criteria relating to tenderers**

Tenderers (in case of a joint tender the combined capacity of all tenderers and identified subcontractors) must comply with the following criteria:

- The tenderer must prove experience in the field of urban mobility policy with at least 5 projects delivered in this field in the last three years with a minimum value for each project of € 150.000.

- The tenderer must prove experience of working in English with at least 4 projects delivered in the last three years showing the necessary language coverage.

- The tenderer must prove capacity to draft reports and recommendations in English.

- The tenderer must prove experience of working in at least 10 EU countries with at least 5 projects delivered in the last three years, the combination of which must show the necessary coverage.

- The tenderer must prove experience in urban mobility policy
b. Criteria relating to the team delivering the service:

The team must prove capacity to draft reports in English.

The team delivering the service should include, as a minimum, the following profiles:

Project Manager: At least 10 years’ experience in project management, including overseeing project delivery, quality control of delivered service, client orientation and conflict resolution experience in project of a similar size (at least € 200,000) and coverage (geographical scope at least half of the one subject to this call for tender), with experience in management of team of at least 5 people.

Language quality check: at least 3 members of the team should have proficiency level language skills in English or equivalent, as guaranteed by a certificate or past relevant experience.

Expert in urban mobility policy: 15 years' professional experience in the field of urban mobility policy and practice.

c. Evidence:

The following evidence should be provided to fulfil the above criteria:

- List of relevant services provided in the past three years, with sums, dates and recipients, public or private. The most important services shall be accompanied by certificates of satisfactory execution, specifying that they have been carried out in a professional manner and have been fully completed;

- The educational and professional qualifications of the persons who will provide the service for this tender (CVs) including the management staff. Each CV provided should indicate the intended function in the delivery of the service.

2.4. Award criteria

The tender will be awarded according to the best-value-for-money procedure. The quality of the tender will be evaluated based on the following criteria. The maximum total quality score is 100 points.

- **Quality of the proposed methodology** (50 points – minimum threshold 60%)

  This criterion will assess the ability of the proposed methodology to deliver the desired results in a pragmatic, balanced and transparent way. The proposed methodology should ensure the deliverables make a significant contribution to improving urban accessibility in Europe.

  The methodology should reflect a deep understanding of urban accessibility and latest work in these areas.

- **Organisation of the work** (30 points – minimum threshold 60%)

  This criterion will assess how the roles and responsibilities of the proposed team and of the economic operators (in case of joint tenders, including subcontractors if applicable) are distributed for each task. It also assesses the global allocation of time and resources to the
project and to each task or deliverable, and whether this allocation is adequate for the work. The tender should provide details on the allocation of time and resources and the rationale behind the choice of this allocation.

- **Quality control measures** (20 points – minimum threshold 60%)

This criterion will assess the quality control system applied to the service foreseen in this tender specification concerning the quality of the deliverables, the language quality check, and continuity of the service in case of absence of the member of the team. The quality system should be detailed in the tender and specific to the tasks at hand; a generic quality system will result in a low score.

Tenders must score above 60% for each criterion and above 70% in total. Tenders that do not reach the minimum quality thresholds will be rejected and will not be ranked.

After evaluation of the quality of the tender, the tenders are ranked using the formula below to determine the tender offering best value for money. A weight of 60/40 is given to quality and price.

\[
\text{Score for tender } x = \left( \frac{\text{total quality score for award criteria for tender } x}{100} \right) \times 60 + \frac{\text{cheapest price}}{\text{price of tender } x} \times 40
\]

2.5. **Technical offer**

The technical offer must cover all aspects and tasks required in the technical specification and provide all the information needed to apply the award criteria. Offers deviating from the requirements or not covering all requirements may be excluded on the basis of non-conformity with the tender specifications and will not be evaluated.

2.6. **Financial offer**

The price for the tender must be quoted in euro. Tenderers from countries outside the euro zone have to quote their prices in euro. The price quoted may not be revised in line with exchange rate movements. It is for the tenderer to assume the risks or the benefits deriving from any variation.

Prices must be quoted free of all duties, taxes and other charges, including VAT, as the European Union is exempt from such charges under Articles 3 and 4 of the Protocol on the privileges and immunities of the European Union. The amount of VAT may be shown separately.

The quoted price must be a fixed amount which includes all charges (including travel and subsistence). Travel and subsistence expenses are not refundable separately.

Indicative maximum price € 200,000.
3. TECHNICAL SPECIFICATIONS

Background

Europe’s towns and cities are home to 73% of the EU population and generate 80% of the EU GDP. The accessibility of urban areas is crucial for the economic performance of cities as well as the quality of urban life. However current patterns of urban transport, particularly at peak times, are inefficient – making poor use of time, space and energy.

The Europe 2020 Strategy of 2010 for smart, sustainable and inclusive growth confirmed the importance of a competitive and resource-efficient European transport system.

The Commission's 2011 White Paper "Roadmap to a Single European Transport Area – Towards a competitive and resource efficient transport system"3 included a focus on the importance of improving urban mobility in order to achieve European policy objectives. The way forward for delivering the goals of the 2011 White Paper for Transport in the area of urban mobility has been detailed in the Urban Mobility Package “Together towards competitive and resource-efficient urban mobility”4.

The 2013 Eurobarometer survey "Attitudes of Europeans Towards Urban Mobility”5 revealed that 38% of citizens often or sometime encounter urban mobility problems that limit their access to activities, goods and services.

Although urban road congestion, particularly at peak times, is endemic in cities throughout the EU, local actors are best placed to tackle this problem.

General objective

The general objective of this EU study is to improve understanding of urban accessibility and road congestion, and support a debate on understanding and improving urban accessibility in order to improve the functioning of urban areas and make the transport system more "resource efficient”

For the purpose of this study urban "accessibility" refers to the ease of reaching goods, services, activities and destinations in urban areas. It includes factors such as mobility options, travel information, transport network connectivity, land use patterns and cost for both passengers and freight.

Specific objectives

The specific objectives are to provide background information, data, analysis and policy proposals to improve urban accessibility – in order to improve the functioning of urban areas.

\[2\] COM(2010)2020 final
\[3\] COM(2011)144 final
\[4\] COM(2013)913 final
\[5\] Special Eurobarometer 406, December 2013
Task 1 – State of the Art report – urban accessibility

Provide a “State of the Art” report of experience and knowledge to date on assessing and reporting the accessibility of urban areas, including a brief presentation and assessment of existing methodologies and metrics.

Deliverable in month 9.

Task 2 – Estimation of European urban road congestion costs

Review recent scientific, administrative and commercial publications to provide state-of-the-art estimates of the costs urban road congestions in the EU. The contractor will devote most efforts to reporting on congestion costs at local level (point 1 below), but will also provide figures on the cost of (urban) road congestion in the EU as a whole and in different Member States (point 2 below).

1. Costs of congestion in particular EU cities/metropolises

The contractor will provide estimates of the absolute costs of road congestion in particular European cities, based on publicly available local research and studies. Where possible, he will distinguish between the internal and external components. He will also report the costs in – as much as possible – harmonised manner, to facilitate comparisons between cities. He is expected to perform thorough research (including an internet review and contacting national and local administrations) to identify all major studies recently performed in this field in different parts of the EU, both in English and in local languages. The contractor is expected to report on a minimum of 15 EU cities from at least 5 Member States, but reporting on more cities for which such data is available will be welcome.

Finally, the contractor will report on the calculations which have so far been done at local level to establish the costs and benefits of existing (e.g. congestion charge schemes, driving bans for vehicles with certain licence plate numbers, etc.) or envisaged congestion management and reduction schemes.

2. Congestion costs at national/EU level

The contractor will also provide estimates of both marginal and absolute congestion costs at EU level, with a breakdown per Member State. For the absolute costs of congestion, the contractor will indicate the relative share which can be attributed to metropolitan/urban and rural areas. The contractor will establish these costs on the basis of recent sources, including (but not exclusively):

- JRC, Measuring road congestion:  

- CE Delft, INFRAS, Frauenhofer ISI, External Costs of Transport in Europe, Delft, November 2011:  
  http://www.cedelft.eu/publicatie/external_costs_of_transport_in_europe/1258
• Keller, Wüthrich, Neuberechnung der Stauzeitkosten. Schlussbericht, ARE, Bern, 20 April 2012:

Deliverable in month 12.

**Task 3 – Relative efficiency of urban passenger transport modes**

Provide comparable average figures for the costs (e.g. €/passenger km), capacity (e.g. passengers per lane/hour), CO² emissions (e.g. g/passenger.km) and energy use (e.g. MJ/passenger km) for all urban passenger transport modes under common real world conditions. All underlying assumptions and data sources must be clearly presented.

Deliverable in month 18.

**Task 4 - Best practice examples – increasing accessibility**

Identify and report on the global best practice measures (transport and non-transport measures) for assessing and increasing the accessibility of urban areas for passengers and freight at the local and national level.

Deliverable in month 22.

**Task 5 – Policy proposals**

Based on the previous tasks make policy proposals for action at the local, national and European levels to cost effectively increase the accessibility of urban areas for passengers and freight.

Deliverable in month 22.

**General**

The results of this study should contribute to the development of a European Urban Mobility Scoreboard.

The contractor will submit the final study report to the Commission at the latest 23 months after the signature of the contract.

Deliverables shall be delivered in paper copies (5) and electronic versions (e.g. pdf and MS Word version). All deliverables shall be written in English.

The study should draw on the latest knowledge and experience from around the world on urban accessibility.
Following receipt of the Deliverables the Commission will have 30 days to provide the Contractor with its comments.

Where it is necessary to make assumptions/estimates – these should be clearly explained.

Each Task (1-5) should result in a high quality public deliverable – including an executive summary.

The Final Report Study report for the Commission should include the 5 Deliverables in Annex.

The results of the study should be presented at a one day seminar, to be held in Brussels in the Commission's premises.

**The duration of the tasks shall not exceed 24 months.** This period is calculated in calendar days.

Execution of the tasks begins after the date on which the Contract enters into force.

In principle, the deadlines set out below cannot be extended. The Contractor is deemed solely responsible for delays occasioned by subcontractors or other third parties (except for rare cases of *force majeure*). Adequate resources and appropriate organisation of the work including management of potential delays should be put in place in order to observe the timetable below.

A kick-off meeting will take place in Brussels, at the latest 30 days following the signature of the contract, in order to settle all the details of the study, report, etc… to be undertaken.

Following the submission of the draft final study report (at the latest in month 23) a meeting will be organised in Brussels to discuss the Commission’s observation. The exact date will be agreed upon with the Contractor.

### 4. **Content, Structure and Graphic Requirements of the Final Deliverables**

All studies produced for the European Commission and Executive Agencies shall conform to the corporate visual identity of the European Commission by applying the graphic rules set out in the European Commission's Visual Identity Manual, including its logo⁶.

The Commission is committed to making online information as accessible as possible to the largest possible number of users including those with visual, auditory, cognitive or physical disabilities, and those not having the latest technologies. The Commission supports the Web Content Accessibility Guidelines 2.0 of the W3C.

For full details on Commission policy on accessibility for information providers, see: [http://ec.europa.eu/ipg/standards/accessibility/index_en.htm](http://ec.europa.eu/ipg/standards/accessibility/index_en.htm)

---

⁶ The Visual Identity Manual of the European Commission is available upon request. Requests should be made to the following e-mail address: comm-visual-identity@ec.europa.eu
Pdf versions of studies destined for online publication should respect W3C guidelines for accessible pdf documents. See: http://www.w3.org/WAI/

4.1. Content

4.1.1. Final study report

The final study report shall include:

- an abstract of no more than 200 words and an executive summary of maximum 6 pages, both in English and French;

- the following standard disclaimer:

  “The information and views set out in this [report/study/article/publication...] are those of the author(s) and do not necessarily reflect the official opinion of the Commission. The Commission does not guarantee the accuracy of the data included in this study. Neither the Commission nor any person acting on the Commission’s behalf may be held responsible for the use which may be made of the information contained therein.”

- specific identifiers which shall be incorporated on the cover page provided by the Contracting Authority.

4.1.2. Publishable executive summary

The publishable executive summary shall be provided in both in English and French and shall include:

- the following standard disclaimer:

  “The information and views set out in this [report/study/article/publication...] are those of the author(s) and do not necessarily reflect the official opinion of the Commission. The Commission does not guarantee the accuracy of the data included in this study. Neither the Commission nor any person acting on the Commission’s behalf may be held responsible for the use which may be made of the information contained therein.”

- specific identifiers which shall be incorporated on the cover page provided by the Contracting Authority.

4.2 Graphic requirements

For graphic requirements please refer to the template provided in the annex 4. The cover page shall be filled in by the contractor in accordance with the instructions provided in the template. For further details you may also contact comm-visual-identity@ec.europa.eu.

5. ANNEXES

1. Tenderer ’s Identification Form
2. Declaration related to the exclusion criteria and absence of conflict of interest
3. Power of Attorney (mandate in case of joint tender)
4. Standard Word template for studies

5. Draft Contract
ANNEX 1
IDENTIFICATION OF THE TENDERER
(Each service provider, including any member of a consortium or grouping and subcontractor(s) whose share of the work is more than 20% of the contract must complete and sign this identification form)

ANNEX 2
DECLARATION OF HONOUR ON EXCLUSION CRITERIA AND ABSENCE OF CONFLICT OF INTEREST

(Complete or delete the parts in grey italics in parenthese)
[Choose options for parts in grey between square brackets]

The undersigned (insert name of the signatory of this form):
- in [his][her] own name (for a natural person)
  or
- representing the following legal person: (only if the economic operator is a legal person)

full official name:
official legal form:
full official address:
VAT registration number:

➢ declares that [the above-mentioned legal person][he][she] is not in one of the following situations:

a) is bankrupt or being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
b) has been convicted of an offence concerning professional conduct by a judgment of a competent authority of a Member State which has the force of res judicata;
c) has been guilty of grave professional misconduct proven by any means which the contracting authorities can justify including by decisions of the European Investment Bank and international organisations;
d) is not in compliance with all its obligations relating to the payment of social security contributions and the payment of taxes in accordance with the legal provisions of the country in which it is established, with those of the country of the contracting authority and those of the country where the contract is to be performed;
e) has been the subject of a judgement which has the force of res judicata for fraud, corruption, involvement in a criminal organisation, money laundering or any other illegal activity, where such activity is detrimental to the Union's financial interests;
f) is a subject of an administrative penalty for being guilty of misrepresentation in supplying the information required by the contracting authority as a condition of participation in a procurement procedure or failing to supply this information, or having been declared to be in serious breach of its obligations under contracts covered by the Union's budget.
(Only for legal persons other than Member States and local authorities, otherwise delete) declares that the natural persons with power of representation, decision-making or control over the above-mentioned legal entity are not in the situations referred to in b) and e) above;

declares that [the above-mentioned legal person][he][she]:

g) has no conflict of interest in connection with the contract; a conflict of interest could arise in particular as a result of economic interests, political or national affinity, family, emotional life or any other shared interest;
h) will inform the contracting authority, without delay, of any situation considered a conflict of interest or which could give rise to a conflict of interest;
i) has not granted and will not grant, has not sought and will not seek, has not attempted and will not attempt to obtain, and has not accepted and will not accept any advantage, financial or in kind, to or from any party whatsoever, where such advantage constitutes an illegal practice or involves corruption, either directly or indirectly, inasmuch as it is an incentive or reward relating to award of the contract;
j) provided accurate, sincere and complete information to the contracting authority within the context of this procurement procedure;

acknowledges that [the above-mentioned legal person][he][she] may be subject to administrative and financial penalties if any of the declarations or information provided prove to be false.

In case of award of contract, the following evidence shall be provided upon request and within the time limit set by the contracting authority:

For situations described in (a), (b) and (e), production of a recent extract from the judicial record is required or, failing that, a recent equivalent document issued by a judicial or administrative authority in the country of origin or provenance showing that those requirements are satisfied. Where the tenderer is a legal person and the national legislation of the country in which the tenderer is established does not allow the provision of such documents for legal persons, the documents should be provided for natural persons, such as the company directors or any person with powers of representation, decision making or control in relation to the tenderer.

For the situation described in point (d) above, recent certificates or letters issued by the competent authorities of the State concerned are required. These documents must provide evidence covering all taxes and social security contributions for which the tenderer is liable, including for example, VAT, income tax (natural persons only), company tax (legal persons only) and social security contributions.

For any of the situations (a), (b), (d) or (e), where any document described in two paragraphs above is not issued in the country concerned, it may be replaced by a sworn or, failing that, a solemn statement made by the interested party before a judicial or administrative authority, a notary or a qualified professional body in his country of origin or provenance.

---

9 This covers the company directors, members of the management or supervisory bodies, and cases where one natural person holds a majority of shares.

If the tenderer is a legal person, information on the natural persons with power of representation, decision making or control over the legal person shall be provided only upon request by the contracting authority.

Full name  Date  Signature
ANNEX 3
POWER OF ATTORNEY

mandating one of the partners in a joint tender as lead partner and lead contractor

<table>
<thead>
<tr>
<th>The undersigned:</th>
</tr>
</thead>
<tbody>
<tr>
<td><em>Signatory</em> (Name, Function, Company, Registered address, VAT Number)</td>
</tr>
</tbody>
</table>

having the legal capacity required to act on behalf of his/her company,

HEREBY AGREES TO THE FOLLOWING:

1) To submit a tender as a partner in the group of partners constituted by Company 1, Company 2, Company N, and led by Company X, in accordance with the conditions specified in the tender specifications and the terms specified in the tender to which this power of attorney is attached.

2) If the European Commission awards the Contract to the group of partners constituted by Company 1, Company 2, Company N, and led by Company X on the basis of the joint tender to which this power of attorney is attached, all the partners shall be co-signatories of the Contract in accordance with the following conditions:

   (a) All partners shall be jointly and severally liable towards the European Commission for the performance of the Contract.

   (b) All partners shall comply with the terms and conditions of the Contract and ensure the proper delivery of their respective share of the services and/or supplies subject to the Contract.

1) Payments by the European Commission related to the services and/or supplies subject to the Contract shall be made through the lead partner’s bank account: [Provide details on bank, address, account number].

2) The partners grant to the lead partner all the necessary powers to act on their behalf in the submission of the tender and conclusion of the Contract, including:

   (a) The lead partner shall submit the tender on behalf of the group of partners.

   (b) The lead partner shall sign any contractual documents — including the Contract, and Amendments thereto — and issue any invoices related to the Services on behalf of the group of partners.

   (c) The lead partner shall act as a single contact point with the European Commission in the delivery of the services and/or supplies subject to the Contract. It shall co-ordinate the delivery of the services and/or supplies by the group of partners to the European Commission, and shall see to a proper administration of the Contract.

Any modification to the present power of attorney shall be subject to the European Commission’s express approval. This power of attorney shall expire when all the contractual obligations of the group of partners towards the European Commission for the delivery of the services and/or supplies subject to the Contract have ceased to exist. The parties cannot terminate it before that date without the Commission’s consent.

Signed in …………………………… on [dd/mm/yyyy]

Place and date:
Name (in capital letters), function, company and signature:

---

To be filled in and signed by each of the partners in a joint tender, except the lead partner;
