Q1: In the tender specifications document you mention that the framework contract will be valid for a period of one year from the date of signature and renewable for two periods of one year. In the contract notice page, you mention that the duration of the framework agreement is 3 years, for an estimated total value of 1.4M€ (ex-VAT).
- We wanted to certify that the initial contract period is one year?
- And the estimated total value of 1.4M€ concerns the total period of (potentially) 3 years?

R1: In the draft contract it is mentioned that the contract is concluded for a period of 12 months (item I.2.3) and that it shall be renewed automatically up to two times under the same condition (item I.2.5), unless a written notification to the contrary is sent by one of the parties and received by the other party three months before expiry of the ongoing period. Therefore, the initial period of the contract is indeed one year.

The estimated total value of 1.4M€ concerns the total period of (potentially) 3 years.
