

DISCLAIMER

This is a living document which will be further refined as the EU Trust Fund progresses in the establishment of its performance monitoring system. The results monitoring system of the EU Emergency Trust Fund for stability and addressing root causes of irregular migration and displaced persons in Africa is intended to be coherent with the corporate results monitoring system.

EU EMERGENCY TRUST FUND FOR STABILITY AND ADDRESSING ROOT CAUSES OF IRREGULAR MIGRATION AND DISPLACED PERSONS IN AFRICA "RESULTS FRAMEWORK"		
EXPECTED RESULTS	INDICATORS	MEANS OF VERIFICATION
OVERALL OBJECTIVE		
Improved stability, migration management and development in the region ¹	Rule of law index	World Bank Governance index
	Economic productivity (for example GDP growth, level of inflation, rate of employment)	UN reports, national statistics
	Income levels (disaggregated by sex, age, locality)	World Bank
	Gender inequality	UN Gender Inequality Index (GII), OECD Social Institutions and Gender Index (SIGI)
Area of intervention 1: GREATER ECONOMIC AND EMPLOYMENT OPPORTUNITIES		
1.1 Employment opportunities created	Number of jobs created (disaggregated by sex, age, sector, locality) from projects and programmes	Data generated from programmes implemented under the Trust Fund
1.2 Vocational training opportunities created	Number of people having completed vocational training (disaggregated by sex and age)	Data generated from programmes implemented under the Trust Fund
1.3 Greater economic productivity	Number of small enterprises by locality, sector (including numbers of them created by women, different age groups)	Data generated from programmes implemented under the Trust Fund
	Productivity (crop yield per hectare number of hectares of agricultural/pastoral land under sustainable practices) in main value chains in vulnerable communities	National statistics and food security surveys
Area of intervention 2: STRENGTHENING RESILIENCE OF COMMUNITIES AND IN PARTICULAR THE MOST VULNERABLE, AS WELL AS REFUGEES AND DISPLACED PEOPLE		
2.1 Increased food security	Number of people (disaggregated by sex, age, and locality), as well as refugees and displaced people, receiving food security-related assistance	National and international statistics, and reports from international

¹ The overall objective (and their associated indicators) look at general development progress, i.e. the medium and long term development outcomes/impact which result from the collective action of the partner countries, donors and other development actors. This sets the operational context in which the results of EU projects and programmes should be seen. Progress at this level is by its nature slow moving. Indicators at this level have been agreed by the international community (for example Millennium Development Indicators) and draw on data sourced from international organisations.

		humanitarian agencies
2.2 Increased access to basic services	Number of people from vulnerable communities (disaggregated by sex, age and locality), as well as refugees and displaced people, with access to basic social services such as health, education, hygiene-water-sanitation, reproductive and sexual health care services	National and regional statistics
2.3 Government commitment to strategies designed to increase resilience to natural and human-induced shocks, especially in vulnerable communities, including women, youth, refugees and displaced persons	Number of countries with national resilience strategies drafted or implemented (covering specific gender and age aspects, environment, market access, livelihoods, pastoralism, research, conflict prevention, institutional capacity)	Government documentation, regional organisations' reports
Area of intervention 3: IMPROVED MIGRATION MANAGEMENT IN COUNTRIES OF ORIGIN AND TRANSIT		
3.1 Adopting and/or implementing national policies and strategies on migration management, including on countering migrant smuggling and trafficking of human beings, return and reintegration.	Number of policy reforms and strategies adopted and implemented by partner countries on migration-related matters, including in a regional and trans-regional context.	IOM, UNHCR, IGAD ²
3.2 Ensuring protection to those in need	Number of displaced persons benefiting from appropriate protection and progressively enjoying social and economic rights.	Data generated from programmes implemented under the Trust Fund
3.3 Advancing mutually-beneficial legal migration and mobility	Number of initiatives maximising the development impact of migration ³ , including through mobility	Data generated from programmes implemented under the Trust Fund
Area of intervention 4: IMPROVED GOVERNANCE AND CONFLICT PREVENTION, AND REDUCTION OF FORCED DISPLACEMENT AND IRREGULAR MIGRATION		
4.1 Strengthened rule of law and relevant national institutions for preventing violence and combating terrorism and crime.	Level of public confidence in the performance of security institutions	National and international perception surveys
4.2 Human rights abuses addressed	Number of human rights complaints received and addressed	Data generated from programmes implemented under the Trust Fund
4.3 Contribution made to	Levels of civic engagement, in particular by young people, support for use of violence	Surveys
