Elias* is an Eritrean asylum-seeker who had to flee his home country to find safety. When he arrived in Libya in 2017, he started working in the informal sector to sustain himself and his wife, pregnant at that time. The couple struggled with daily hardship, and when Elias’ wife gave birth to a little boy, they found it very difficult to make ends meet. Elias’ wife was finally admitted, but spent hours in the waiting room and sadly died. UNHCR - Community Day Centres programme has provided Elias with assistance and is considering his case for additional support.
